16th Annual Millat Conference (AMC)

1st VIRTUAL CONFERENCE

13th & 14th FEBRUARY 2021

Ghulam Rasool Khan Hall, MS Corporate Office, 3rd Floor, Hyderabad

www.mferd.org

Assalaamu Alaikum!

Dear Brothers / Sisters

Life, for an optimist, is a sea of opportunities. Every day, every situation, every person we meet, every event that we face and every challenge that we encounter presents us with a unique set of opportunities.

Education now, the world over is in the midst of an unprecedented storm. It is entering a phase of unforeseen technological advancement inundating the schools to either flourish by adaptation or perish by isolation.

Millat Foundation for Education, Research and Development (MFERD) being a research organization, believes that these rapid changes have presented us with an opportunity to envisage the future of education and set up a route map for all institutions associated with it. Our aim is to lay down clear guidelines and recommendations to comprehend Education Next and prepare ourselves to navigate these storms.

It gives us immense pleasure to invite you to the 'Annual Millat Conference' dedicated to the theme 'Education Next - Navigating change' Insha Allah! On 13th and 14th February 2021, Hyderabad. It will be the 16th such solution driven conference backed by research that will be held virtually for the first time.

AMC by MFERD is marked by a confluence of Educationists, Research Scholars, Scientists, Academicians, Thinkers, School Leaders, Teachers, Ulama and well-wishers who have a common goal of providing and sharing solutions to the challenges faced by Schools in the current scenario. We sincerely believe in a practical approach to problem solving and therefore our conferences provide not just presentations but also solutions.

Your presence in the conference will add to our efforts in making a positive impact on the entire humanity.

16th Annual Millat Conference (AMC)
